

**Reggie Hall** is the owner of *Diverse Forms & Products, Inc.* DFP is based in Winston-Salem, North Carolina. Founded and incorporated in 1995, DFP is celebrating 25 years of service in the industry of Print Media and Graphic Design Services.

After earning a Bachelor's Degree in Business Administration with a concentration in Marketing from North Carolina A&T State University, Reggie worked for several fortune 500 companies in different parts of the U.S. including Dow Chemical in Midland, Michigan, Unisys in Rochester, NY and Standard Register in Dayton, Ohio.

Succeeding in today's tough business environment can be fulfilling and challenging. As a marketing representative at Dow Chemical and handling such multi-million-dollar high-profile accounts as Proctor and Gamble in Cincinnati, Ohio, the training that Reggie received was instrumental in his growth as a person and as an African-American professional. There are no true short cuts to success, and growing in faith while maintaining a family and staying true to one's beliefs can be both difficult and rewarding.

Inspired by a strong ember of entrepreneurial spirit and a seed of desire to be the best that was planted by his father, Reggie was soon compelled to begin the process of starting his own business in early 1994. This proved to be a very good decision as the company continues to succeed while servicing a host of small, medium and large corporations located throughout the continental United States.

The tried and true work ethic passed down from his Dad became the new company's mission statement: *Work Hard, Stay Smart and Treat People Right!* The company's product line includes a very diverse offering of Print Media products:

- Business Forms (continuous, manual & laser)
- Commercial Printing
- Laser Forms & Labels (custom & stock)
- Graphic Design & Layout Services
- Envelopes
- Computer Supplies
- Electronic Forms Design
- Continuous Forms (Stock & custom)

As a member of Emmanuel Baptist Church since 1989, Reggie has served on several designated committees that tap into his background in marketing, communications and personal relationship building. Serving as Chairman of the Trustee Board for the past 4-1/2 years, he has been able to utilize many of the skills that he acquired throughout his business career. Reggie has learned that being a Trustee is both spiritual and gratifying as well as a necessary endeavor that requires service to others. To God be the Glory!!!

Success can be a very allusive and arduous process, but a willingness to go the extra mile – when others won't - will make it possible to reach unexpected heights and goals that may not have seemed possible.

Reggie is married to Vondra Hall, and they have one son (Brent), a daughter-in-law (Ana) and two grandsons (Toben and Landon). Life is a fascinating journey, and Reggie believes that each experience is full of promise and opportunity that is always enhanced by a strong faith in God and the willingness to always treat all people right.
